FoDL News

The red carpet was rolled out in style by the Friends of Deddington Library at the Holly Tree Hall on the evening of 27 September for the highly anticipated launch of the 2025 Deddington parish calendar, when guests galore enjoyed lively banter, nibbles and bubbly, while celebrating the launch of another wonderful fundraising calendar. The event was attended by our ever-supportive patron, author Linda Newbery, Gail Cripps, our library manager, along with several local business calendar sponsors, volunteers, FoDL committee and, of course, photo competition winning entrants, who once again produced some stunning images for consideration.

All 12 calendar images were revealed by Alan Collins and presented to those entrants able to attend. He also expressed our sincere thanks to all the sponsors who make the calendar possible each year. The launch gave us the opportunity to express our thanks and appreciation to Al, our outgoing chairman, who has been our guiding light since the charity was formed in 2011.
